## January 10, 2020

### This Week in ELA:

We focused on letters Ff and Jj. Our "Franny the Fan" and "Jump rope" sound cards will help us remember the sounds these letters make. We added *for* and *am* to the word wall and reviewed our previously learned sight words. In writing workshop, we focused on what makes writing easy to read. We need to use spaces between our words, write lots of letters for the sounds we hear in longer words, not use too much eraser, etc. We also talked about how to get more creative with our story titles. Instead of "Over the Weekend," we might title our work, "Adventure at the Park".

### Important Dates:

- 1/16 Early Dismissal
- 1/17 Student Holiday
- 1/20 Student Holiday: MLK Jr. Day

### Reminders/Announcements:

- Please return library books by Tuesday of next week.
- Continue reading with your child as much as possible!
- If you are interested in a midyear conference, reach out and let me know! ☺

### This Week in Math:

We counted objects and focused on identifying *more than* and *less than*. We also reviewed our flat shapes!

### Home Talk:

Talk about the field trip on Thursday. We learned about STEM careers, telling time, season changes, and more. What was your child's favorite part?

### This Week in Science:

We learned about winter. We talked about how the weather changes during this season and what people and animals do during this time of year. We learned words like *blizzard*, *migrate*, *hibernate*, and *dormant*. (We talked about how trees are dormant in winter.)
